

Unfortunate

Tems

Just a little, uh, uh, just a little, uh, uh
Just a little, uh, uh, just a little, uh, uh
Just a little, uh, uh, just a little, uh, uh
Just a little, uh, uh, just a little, uh, uh (Yeah, ayy)
Just a little, uh, uh, just a little, uh, uh

Guess your coming back again
With your dirty dirty plans
Oh you always make it deep
No girl ever made it back

Anything you wanna say
Might as well be thrown away
Guess it's time to make your way, way

Oh it's a shark in the water
Swimming across the sea
But in the words of my mother
I'm living in victory

And maybe it's fortunate, you're unfortunate
Yeah maybe it's fortunate, you're unfortunate
Yeah maybe I'm fortunate that you losing me
I'm so fortunate that you misbehave
I'm so fortunate that you don't know a thing, yay

Too young to be worrying bout too many things
When my spirit and my mind are being tainted baby
All the things that you really wanted out of me
You took it all now
I'm saving me

Cause you were late that night and I waited boy
I waited patiently
I'm not patient
What is a relationship no foundation
It's termination no hesitation

And I said
Oooo I'm dipped in gold
I don't even know you, know you, know you, not me
Ooo I'm moving on even if you knew me
I think I've decided

That maybe it's fortunate, you're unfortunate
Yeah maybe it's fortunate, you're unfortunate
Yeah maybe I'm fortunate that you losing me
I'm so fortunate that you misbehave
I'm so fortunate that you don't know a thing, ay

Fortunate (Or maybe it is)
Fortunate (Or maybe it is)
Maybe it is (Fortunate)
