

Vibe Out

Tems

Imma vibe out today

Trouble is troubling
Trouble is troubling
They don't love me anyway
They don't love me anyway

Trouble is trouble is
Trouble is troubling
They don't love me anyway

Don't get my feelings hurt
I know the ceiling gone
Don't get my feelings hurt
This time I'm not the one
Don't get my feelings hurt
Don't say I'm not the one
Don't get my feelings hurt

Imma vibe out today
Ayy
Imma vibe out today
Away
Imma vibe out today
Away
Imma vibe out today
Away

(Oh what a beautiful night it's inviting

Oh what a beautiful night it's inviting

Oh what a beautiful night it's inviting

Oh what a beautiful night it's inviting)

If I continue
My ice might break
If I was silent
I'll go insane
If I was just lost
Then my life would be yours

So give me your name
Give me something to react
My head
Take me me up and dance
Give me something to react
My head

Imma vibe out today
Ay
Imma vibe out today
Imma vibe out today
Away
Imma vibe out today
Ay

Imma vibe out today

Building a fire
In the Savannah
Love and desire
Love and, love and desire

Building a fire
In the Savannah
Love and desire
Love and, love and desire

Don't let me fail you
Don't let me fail you
You shaking the table
You shaking the table

Don't let me fail you
Don't let me fail you
You shaking the table
You shaking the table

Feel me, feel me
Calling the streets
Feel me, feel me
Calling the streets
Feel me, feel me
I hide the scars in my bag
In my bag

Feel me, feel me
Calling the streets
Feel me, feel me
Calling the streets
Feel me, feel me
I hide the scars in my bag
In my bag

I'mma vibe out today

(In my bag)
