

Wickedest

Tems

Yeah I'm the one got the scene banging
And I go hard that's why they keep talking, yeah
3 years and I'm only just getting started
One song I got all the people excited
It's the whole town

It's the whole town are you ready?
Ready cause I'm going steady
Everybody wants lie, they want to fight
They want get me

Kill me they wan kill me
Tell me why they wan try me
When they really don't know me, eh yee

So I'm on my tunnel vision
I beat their allegations
I'm moving on a mission
I don't need supervision, one in a million
I got the ammunition
They couldn't see the vision
They couldn't see it nobody's finding you

Came for the wickedest whine
Me and my girls on a wickedest time
I know you see and I know you want more
What you say, what you know yeah

Came for the wickedest whine
Me and my girls on a wickedest time
I know you see and I know you want more

Unruly
I keep moving
I been going up the mountain in my life
No thinking twice
I dey my lane so no debating
No worry, you know me
I no send anybody, Imma alright
I do it naturally

It's the whole town are you ready?
Ready cause I'm going steady
Everybody wants to lie, they want to fight
They want get me

Kill me they wan kill me
Tell me why they want try me
When they really don't know me
Eh yee

I'm on my tunnel vision
I beat their allegations
I'm moving on a mission
I don't need supervision
One in a million

I got the ammunition
They couldn't see the vision
They couldn't see it
Nobody's finding you
Came for the wickedest whine
Me and my girls on a wickedest time
I know you see and I know you want more
What you say, what you know yeah

Came for the wickedest whine
Me and my girls on a wickedest time
