# Get So Far

**Ten Second Epic**

Who would have thought that something little
Leads to everything you dreamt?
But when you wake, It's just in the middle.

A kiss between friends makes it a riddle:
Are we friends or so much more?
It's tough when the answer is right in the middle.

The thought of
Giving up, Giving in, Letting you go, Is always on my mind.
Maybe we're just wasting time,
How did we get so far?

The thought of
Giving up, Giving in, Letting you go, Is always on my mind.
Maybe we're just wasting time,
How did we get so far? How did we get so far?

Now that we've crossed into official,
Would you take it back if you could?
We're misplaced and stuck in the middle

The thought of
Giving up, Giving in, Letting you go,Is always on my mind.
Maybe we're just wasting time,
How did we get so far?

The thought of
Giving up, Giving in, Letting you go, Is always on my mind.
Maybe we're just wasting time,
How did we get so far? How did we get so far?

Never second guess the chance we took, surrender what we knew.
It's only half the part of who we are (half of who we are)
I'm losing either way, I could lose all that I had,
Or I could let myself get so lost in you. So lost in you.

Giving up, Giving in, Letting you go, Your always on my mind.
Maybe we're just wasting time,
How did we get so far?

Well the thought of
Giving up, Giving in, Letting you go, Is always on my mind.
Maybe we're just wasting time,
How did we get so far?

The thought of
Giving up, Giving in, Letting you go, Is always on my mind.
Maybe we're just wasting time,
How did we get so far?

Oh baby we're wasting time
How did we get so far?
Oh baby we're wasting time
How did we get so far?
We're wasting time
How did we get so far?
