

# After All The Love Has Gone

Ten Sharp

First drop falls outside  
Thinking 'bout the choices made  
Restless in all corners  
Words just don't sound right  
There's no point in arguments  
When nobody listens

Watch the morning rain  
Look outside your window  
Take the morning train  
To the place you'd go to on a day by surprise

After all the love has gone  
There's no point in going on  
There's no such thing as the best  
You can't put your mind to rest  
You know that's wrong  
After all the love has gone

Crazy how things go  
Some decisions hard to make  
Sometimes a lifetime  
What about the spark  
Does it still glow or what  
Nothing lasts forever

Watch the morning rain  
Look outside your window  
Take the morning train  
To a place you'd go to on a day by surprise

After all the love has gone  
There's no point in going on  
There's no such thing as the best  
You can't put your mind to rest  
You know that's wrong  
After all the love has gone

After all the love has gone  
There's no point in going on  
There's no such thing as the best  
You can't put your mind to rest  
After all the love has gone  
You can always sing this song  
There's no such thing as the best  
So try to put your mind to rest

After all the love has gone  
There's no point in going on  
There's no such thing as the best  
You can't really put your mind to rest  
After all the love has gone  
You can always sing this song  
There's no such thing as the best  
To every story comes an end  
After all the love has gone
