

I'll Make It Easy for You

Ten Years After

I can't tell you how
But it's not what I thought it was
Been nothing but trouble
A thorn in my side
One cut with a knife
Straight to heart of it
It's all empty inside can't be denied

I can't sleep at night
God I wish I was dreaming
And in the morning I'd wake up
To find things alright, alright
Let's not drag it out
You know there's nothing to talk about
I'm not what you wanted
I'm not what you need
What you need, no
I'm not what you need

I'm breaking it down
No more pretences
Now's the time for the truth
You can burst into flames
All I can say is
I'll make it easy for you

I don't want to let you down
But we all got to save ourselves
We're locked in a game nobody wins
Time won't turn it round
You know something is missing
And now the only way out is never again
Never, no, never again

I'm breaking it down
No more pretences
Now's the time for the truth
You can burst into flames
All I can say is
I'll make it easy for you

I'm breaking it down
No more pretences
Now's the time for the truth
You can burst into flames
All I can say is
I'll make it easy for you

I'm breaking it down
No more pretences
Now's the time for the truth
You can burst into flames
All I can say is
I'll make it easy for you

I'm breaking it down
No more pretences

Now's the time for the truth
You can burst into flames
All I can say is
I'll make it easy for you

(I'm breaking it down)
Breaking it down
Now's the time for the truth
(Breaking it down)
Burst into flames
I'll make it easy for you
(Breaking it)
Easy for you
(Breaking it down)
Easy for you
(Breaking it)
Time for the truth
(Breaking it)
I'm breaking it down
(Breaking it down)
Down, down
(Breaking it down)
I'll make it easy for you
