

When It All Falls Down

Ten Years After

Well I've used up so much time
Takes a bottle full of pills to get me by
I've been wishing time a way
All my colors gone and turned to grey

All my friends say they don't know me
I'm a fading shadow of what I used to be
When I look into the mirror
I don't see the things I want to see

When it all falls down
A thousand pieces
Just shattered on the ground
It all falls down
And what becomes of me
When it all falls down

I'm fighting demons deep down inside
Got to face my fears or run and hide
Make all the bad things disappear
Got to find myself and get out of here

When it all falls down
A thousand pieces
Just shattered on the ground
It all falls down
And what becomes of me
When it all falls down
A thousand pieces
Just shattered on the ground
It all falls down
And what becomes of me
When it all falls down

When it all falls down
A thousand pieces
Just shattered on the ground
It all falls down
And what becomes of me
When it all falls down
A thousand pieces
Just shattered on the ground
It all falls down
And what becomes of me
