

Be as You Are Forever

Ten

Born into the light
From a wasteland of black endless night
So the dark hordes of winter took flight
For your rapturous births gave
New meaning to life

Sworn in to the fight
With the eternal flame in your eyes
Not the first but the best of mankind
And the closest we've come
To perfection in time

Venture in, its fate
As stars collide, become aligned
Centuries of waiting
Staring skyward for a sign
Is a drop in the ocean

You are the King
And the Queen of Utopia
Gods given wings
You ascend to your crowns
Immortal things
Never fade or grow older
Be as you are forever

Ride on the wind
With a beast at your shoulder
You are the sea
And the faithless will drown
Spirited, free
The unbreakable soldiers
Be as you are forever

Draw your battle lines
We will rise on devotion with pride
In defense of the realm you combine
We will lay down our lives
Without questioning why

Sound your battle cry
It's a purge of a virulent kind
We will drive such malevolent lies
To the brink of inferno
Then burn them alive

Venture in, its fate
As stars collide, become aligned
Centuries of waiting
Staring skyward for a sign
Is a drop in the ocean

You are the King
And the Queen of Utopia
Gods given wings
You ascend to your crowns
Immortal things

Never fade or grow older
Be as you are forever

Ride on the wind
With a beast at your shoulder
You are the sea
And the faithless will drown
Spirited, free
The unbreakable soldiers
Be as you are forever

You are the King
And the Queen of Utopia
Gods given wings
You ascend to your crowns
Immortal things
Never fade or grow older
Be as you are forever

Ride on the wind
With a beast at your shoulder
You are the sea
And the faithless will drown
Spirited, free
The unbreakable soldiers
Be as you are forever
