

Dangerous

Ten

Yes, I can see
Them pretty games, they come around, around
Aren't you a diva?
You entertain what I'm about, about, about

All these people keep on talkin'
You ain't hearin' what they say
I know you love all the attention
That just comes when you're with me
Baby, I never thought that
You'd fall in love with me
Now, I hear you, I go and, and say

You just wanna waste my time
You just wanna test my patience
But you could never take my pride
Oh, now you know that I'm just dangerous
Girl, it's dangerous
So, so, so dangerous

Oh, but now
You entertainin' something you shouldn't
Tell me how
You wanna keep me for eternity (Let us see)

All these people keep on talking
You ain't hearing what they say
If you love me in the morning
Then what difference does it make?
Baby, I never thought that
You'd fall in love with me
Now, I hear you, I go and, and say (Oh)

You just wanna waste my time
You just wanna test my patience
But you could never take my pride
Oh, now you know that I'm just dangerous
Girl, it's dangerous
So, so, so dangerous

Don't take the information
If you don't hear nothin' from me (Oh no, ah)
Don't sit there, listen to, "He said, she said"
You still on the first page, turn, babe
You've been stuck like Medusa messin' up
So get it together
Can we do better? Yeah
Don't throw dirt upon my name

You just wanna waste my time
You just wanna test my patience
But you could never take my pride
Oh, now you know that I'm just dangerous
Girl, it's dangerous
So, so, so dangerous
