ON TEN

Rob made this?

Don't be shy, come closer (Closer)
Baby, let's ride, no chauffeur (Shh)
Live how ya like, I told ya (I told ya)
Take off, they're all like, "Hold up" (Ooh)
Move your body like a wave (Yeah)
I could help ya motivate (Oh yeah)
I just came to set it straight
We just wanna elevate
We don't ever run away

I got arenas callin' (Callin')
Wanna see how we rock (Oh yeah)
Gotta do me, I'm sorry (Sorry)
You know we can't be stopped (Nah)
While you be sleeping on me (Yeah)
Let me remind you why (Why)
Why I'm him
Tell 'em all again (Yeah)
Yeah, I'm going in

We on ten
Makin' my way with all my friends (Friends)
In the city, turn it loud, we goin' in (Yeah, yeah)
Yeah, I'm the one, but don't forget
Yeah, I'm it

Last time I checked
I'll make a move, they're tryna copy (Mm, copy)
Last time I checked
My fit all white, I'm feeling godly (Godly)
Got my respect
You see my team, they with me
No, we ain't alone
What you expect?
It's only bosses with me
And we on the throne
Won't stay to talk, been on a roll
We made the game and break the mold
We play to win, live by the code
Now, raise it up, let's have a toast
I'm probably
In the front when they all behind me
Who the G.O.A.T.?
Let me know, remind me
Put the team on my back entirely
Profiling, yeah, I'm shining

I got arenas callin' (Callin')
Wanna see how we rock
Gotta do me, I'm sorry (Sorry)
You know we can't be stopped
While you be sleeping on me (Yeah)
Let me remind you why (Why)
Why I'm him
Tell 'em all again

```
Yeah, I'm going in

We on ten
Makin' my way with all my friends
In the city, turn it loud, we goin' in
Yeah, I'm the one, but don't forget
Yeah, I'm it

Ooh, ooh
Oh, we comin', be afraid
Yeah, we have a celebration
Ooh, ooh
You already know my name
Do I really gotta say?

We on ten
Makin' my way with all my friends
In the city, turn it loud, we goin' in
Yeah, I'm the one, but don't forget
Yeah, I'm it

Ooh, ooh
Yeah, I'm the one, but don't forget
We on ten (I hold ya)
Ooh, ooh (Yeah)
Yeah, I'm the one, but don't forget (Oh yeah)
We on ten
```
