Ten

She is the light  
She takes the darkness from my day  
She brings to life  
Feelings I know I can't repay  
She holds me tight  
She keeps the harder times at bay  
She is the white  
Flag as I surrender to her ways

She rules the night  
Erotic beauty, so risqué  
She weaves delight  
Into seduction on display  
I can't deny  
She is ablaze in lingerie  
I close my eyes  
Each and every scene I can replay  
Again  
Again

A creature stirred the blackness in my soul  
A thief returned the light that others stole  
And made me whole  
The beast she burned alive and now controls  
A fantasy, reborn in me, remains  
Paragon

I loved her then  
I love her now, it's no cliché  
Until the end  
Till every epilogue is played  
I can't pretend  
Feelings and words you should have read  
I'll make amends  
For the million things that should have  
Never said  
Never said

A creature stirred the blackness in my soul  
A thief returned the light that others stole  
And made me whole  
The beast she burned alive and now controls  
A fantasy, romantically, remains  
Paragon

I know that now

A creature stirred the blackness in my soul  
A thief returned the light that others stole  
And made me whole  
The beast she burned alive and now controls  
The fantasy, which used to be, remains  
Paragon

Still the one
