Ten

Quaerendum est fortitudo nostra  
Veritas praevalebit aeternum  
Protegam Sanctusque Calix  
In aeternum et non recuso

The last crusade is over my friends  
Jerusalem has fallen  
The dogs have seized it  
If nothing's Holy then this world  
Will end

We must journey homeward again  
Travel ever westward  
Keep torchlight vigils  
We have to sanctify ourselves  
To mend

It's not enough  
Your heart is bleeding  
The answer's not  
To cloak your tears with a veil  
No giving up  
So start believing  
Don't banish love  
Beyond your fear and the pale

Your Quest is your strength  
Let the light of truth prevail  
For I refuse to fail  
The Grail

Quaerendum est fortitudo nostra  
Veritas praevalebit aeternum  
Protegam Sanctusque Calix  
In aeternum et non recuso

The Chalice from the last supper raised  
Caught the blood of Christ  
From his wounds by spear  
Was found by keepers  
Of the timeless faith

Centuries have passed while it lay  
Hidden here by Joseph  
Of Arimathea  
And now The Fisher King's embrace  
Awaits

It's not enough  
Your heart is bleeding  
The answer's not  
To cloak your tears with a veil  
No giving up  
So start believing  
Don't banish love  
Beyond your fear and the pale

Your Quest is your strength  
Let the light of truth prevail  
For I refuse to fail
