I can't fucking sleep!  
Forget about a minute not even for a second  
I'm faced with the inner workings of my  
Mind!  
Feeling pretty low when I'm solo, oh no  
Why must I die over and over again every fucking night?

Sunk way deep in this coffin I keep thinking  
Things that I shouldn't be thinking, like  
How will my mother's face look like  
When she hears I'm hung up  
High in a building somewhere she can't find me  
I'll be looking like a pale faced statue  
Blue toes, swinging from the staircase

Nothing!  
(Can)  
Help me!

Wanna taste of this?  
I wish that I could only make you feel  
Feel the way that I feel  
Nightmares so surreal

Look at me now, bitch!  
Tossing and turning, waiting for the day  
But you never seem to learn that  
I'm only waiting for the day that  
I disappear, I disappear!

(Please just)  
Take me away, take me away

(From here)  
Who'd even know? who'd even care?

(No-one)  
Who gives a fuck? Who gives a fuck?  
NO-ONE!

Gotta get to sleep because they're always gonna want to fucking  
Come back for me, come back for me!

Evil shadows in the corner always  
Looking at me, laughing at me!

Better mix and match now will I be waking up alive?  
Or, dead in my sleep? Dead in my sleep!

Caught up in my mind again  
Caught up in my mind again (why)  
Walk into the light again  
Walk into the light again (wake)  
Never waking up again  
Never waking up again (up?)

I'd rather be

Dead in my sleep!

I can't fucking sleep!
