

I take your wrist
I see your fate in the palm of your hand
See your first kiss
See the, see the day they lower you into the ground

I said he'd always be lost, girl
I said he'd only do wrong to you
You said you tried to leave him
But the love was too strong

That was all I needed to hear
No, you'll never be mine
No, I've never felt so bittersweet
When I'm reading between the lines

That was all I needed to see
Read it on the palm of your hand
I sealed my fate when I looked underneath
And found your love for another man

Crystal clear, I've never met someone like you
So easy to read
Your soul is a piece
Everybody, you're consuming me

Baby, I'm a mind reader
You can let me in
We can grow a little deeper
You can spread me thin

You know I'm only looking for your good side
I don't wanna be there when it's not
I will open your mind, and purify
Make you cherish what you got

That was all I needed to hear
No, you'll never be mine
No, I've never felt so bittersweet
When I'm reading between the lines

That was all I needed to see
Read it on the palm of your hand
I sealed my fate when I looked underneath
And found your love for another man

That was all I needed to hear
That was all I needed to hear
