Violence

TENDER

All I need is someone to save
Want to be remembered
Want you to know my face
All I need is rest
Get that pain off my chest
All I need is silence
Give me sex and violence
It's all the same
It's all the same to me

Found myself in a living room
Surrounded by people I don't even know
I can count all my friends with a single hand
Watching me like I got something to show

I don't want to talk about it
I don't want to dream anymore
I don't want to talk about it
Is it love?
Is it war?

We've all got damage done
I'll pretend to be someone
But I don't want to talk about it
I just want the violence to overgrow

Moving through the silent fumes
Smokey clothes
And dirty rooms
Won't make me sick anymore
Some things I want to show you
Right on the tip of my tongue

I don't want to talk about it
I don't want to dream anymore
I don't want to talk about it
Is it love?
Is it war?

We've all got damage done
I'll pretend to be someone
But I don't want to talk about it
I just want the violence to overgrow
