

# HUSTLE

Teni

I wan talk my mind o  
For anyone wey fit relate o  
Ri-di-mah-kool-a-yooo

Sometimes it feels like success is a trap  
And sometimes it feels like people don't understand  
Cos the pressure e plenty and expectations high  
Even your day ones wey suppose get your back sometimes day ones dey fight  
And everybody has an opinion on how you suppose live your life  
And even people wey suppose to show you the way na the people dey backbite

No be pride, no be ego  
Sometimes I gas change my mind  
Sometimes I gas dey behind  
Sometimes I will have to say no  
Sometimes I gas pour water on top my head  
Make this pressure no drive me insane o  
So if you see me outside and I no greet you  
No vex baba, my head e full o  
And baba you know the level

Na this hustle I dey so  
(Aye aye ah, aye aye ah, aye aye ah)  
Na this hustle I dey so  
(Aye aye ah, aye aye ah, aye aye ah)

This hustle can be so overwhelming sometimes  
No add your own join my own  
I gat so many things I dey reason  
No bother me o  
Wo ni iru pala pala wo gan gan leleyii  
Ki lo se t'eni kan o se ri o  
Cos family go call, enemy go call  
I don't know who is who

No be pride, no be ego  
Sometimes I gas stay away  
When I have nothing to say  
Sometimes I will have to say no  
Sometimes I gas pour water on top my head  
Make this pressure no drive me insane o  
So if you see me for show and I no greet you  
No vex baba, my head e full o  
And baba you know the level

Na this hustle I dey so  
(Aye aye ah, aye aye ah, aye aye ah)  
Na this hustle I dey so  
(Aye aye ah, aye aye ah, aye aye ah)
