I be waiting on your call
Baby, you should check your DM
Sending message all day long
Now I gat to send a VN
You are my all in all
You are the one that I be waiting for
This one na cunny cunny love
But I cannot get enough

What am I to you?
Just tell me, baby, what am I to you?
Ouuuuuuuuu
Am I just a fool?
Tell me the truth, baby, am I a mumu?

If you don't call me back, I go call the po po po
Po po po po po po po po
Somebody call the po po po
Po po po po po po po po po po po po
Po po po
Po po po po po po po po po po
Somebody call the po po po
Po po po po po po po po po po po po

Rock it to the reggae, baby, rock it to the blues
Make I never be like you
When I am with you, yes, I feel so good
When you leave, I don't feel so good
You're my mood swing
Only you fit to wipe my tears away
You dey use me
No dey use me

'Cause I be giving my time, my time
'Cause of you I don dey compromise
One question wey dey for my mind
I don't know, tell me, what am I to you?
I am falling deeply, deeply, yes, I am
Don't tell me lies just to make me smile
Know your reactions when you lie

And so what, tell me, what am I to you?
Just tell me, baby, what am I to you?
Am I just a fool?
Tell me the truth, baby, am I a mumu?

If you don't call me back, I go call the po po po
Po po po
Po po po
Po po po po po po po po
Po po po
Po po po po po po
