

# TROUBLE

Teni

Let's get started from where we left off  
Let's get drunk, forget we're fucked up  
I want you, two peas in a pod  
I miss you from when we last saw  
Let's get started from where we left off  
Let's get drunk, forget we're fucked up  
I want you, two peas in a pod  
I miss you

I want you to myself  
And I don't wanna share  
Don't look at no one else  
'Cause it is in your eyes that I find myself

I knew you were trouble when I saw you  
I knew you were trouble when I saw you  
I knew you were trouble when I saw you, yeah  
I knew you were trouble when I saw you  
I knew you were trouble when I saw you  
When I seen your face

Let's get started from where we left off  
Let's get drunk, forget we're fucked up  
I want you, two peas in a pod  
I miss you from when we last saw  
Let's get started from where we left off  
Let's get drunk, forget we're fucked up  
I want you, two peas in a pod  
I miss you

Can never lie, can never lie  
There's something special about you  
About you  
No fit deny, I no fit deny  
The first time I saw you  
I knew

I knew you were trouble when I saw you  
I knew you were trouble when I saw you  
I knew you were trouble when I saw you  
I knew you were trouble when I saw you  
I knew you were trouble when I saw you  
When I seen your face

Let's get started from where we left off  
Let's get drunk, forget we're fucked up  
I want you, two peas in a pod  
I miss you from when we last saw  
Let's get started from where we left off  
Let's get drunk, forget we're fucked up  
I want you, two peas in a pod  
I miss you from when we last saw
