

## YBGFA

Teni

I'm sorry, I'm so sorry  
I'm not what you thought I was  
And I can never be the thing you're wishing that I was  
I like what I like  
Do something about it  
Why you worried about who I love?  
Why you worried about who I fuck?

Making new feelings all wrong  
When it feels right  
Tell me I am wrong  
For living my life  
They think they know it all  
But they don't know it all

Making new feelings all wrong  
When it feels right  
Do what I want  
'Cause I'm living my life  
I can have it all  
You know I want it all

I'm just a young black girl  
Young black girl from Africa  
And this is who I am (This is who I am)  
Ehn, take me for who I am (Take me for who I am)  
I'm just a young black girl  
Young black girl from Africa  
And this is who I am (This is who I am)  
Ehn, take me for who I am (Take me for who I am)

'Cause I'm chasing the rainbow  
Rainbow  
'Cause I'm chasing the rainbow  
Rainbow

Cancel who?  
Şe you wan cancel me?  
Cancel your father  
I no be your mate  
You can't eat the food that's in my plate

To all the girls in the world  
The world is yours  
And you can do what you want  
You can be so much more

Making new feelings all wrong  
When it feels right  
You can have it all  
You know you want it all

I'm just a young black girl  
Young black girl from Africa  
And this is who I am (This is who I am)  
Ehn, take me for who I am (Take me for who I am)  
I'm just a young black girl

Young black girl from Africa  
And this is who I am (This is who I am)  
Ehn, take me for who I am (Take me for who I am)

'Cause I'm chasing the rainbow  
Rainbow  
'Cause I'm chasing the rainbow  
Rainbow  
'Cause I'm chasing the rainbow  
Rainbow  
I see all  
Rainbow means all ouuuu
