

# The Thing That Wrecks You

Tenille Townes

You're a passing car on a one-way street  
Headed straight through the red lights where midnight and heart  
break meet  
You're a photograph in a house of flames  
Oh, you've played every card, but you know it's a losing game

We're running down a darker road  
Where even angels fear to go  
And stars fall like a lonely tear  
When they're crashing through the atmosphere  
It looked just like a dream come true  
But love can lead you straight into  
The thing that wrecks you  
The thing that wrecks you

If I could change, I'd be good for you  
Oh, I hate all the madness and the pain that I've put you through  
It's not your fault (Oh yes, it is), it's just how I am (I know  
what you're like)  
Oh, you're a deer in the headlights and I'm driving as fast as  
I can

We're running down a darker road  
Where even angels fear to go  
Stars fall like a lonely tear  
When they're crashing through the atmosphere  
Yeah, it looked just like a dream come true  
Oh, but love can lead you straight into  
The thing that wrecks you  
The thing that wrecks you  
The thing that wrecks you

(It's the thing that wrecks you)  
You're a passing car  
(It's the thing that wrecks you)  
On a one-way street  
(It's the thing that wrecks you)  
(It's the thing that wrecks you)  
(It's the thing that wrecks you)
