

No Shame

Tenth Avenue North

So many times
I haven't been true
I've kept myself from You
Didn't know I could be honest
I thought You'd walk away
But then there are times
Grace gets in and I can tell it like it is
No more lies keeping light from my shadows
Got me feeling like a boy who has

(No shame)
I'm so free, yeah, it feels like I'm stealing
I'm so free I ain't scared of the ceiling
(No shame)
I can look like a fool and enjoy it
I can cry like a man and I own it
(No shame)
It may look like I'm broke but I'm healing
Learning to bring everything that I'm feeling
(No shame)
So forgiven man it's hard to explain it
I'm finally living with no shame...

I look in Your eyes
Full of tenderness
And it doesn't make sense
You see me just as I am
And I'm never too much
Lord I gave You all my blame
You gave me a new name
Your love keeps pulling me
From my shadows
Got me feeling like a boy who has

(No shame)
I'm so free, yeah, it feels like I'm stealing
I'm so free I ain't scared of the ceiling
(No shame)
I can look like a fool and enjoy it
I can cry like a man and I own it
(No shame)
It may look like I'm broke but I'm healing
Learning to bring everything that I'm feeling
(No shame)
So forgiven man it's hard to explain it
I'm finally living with no shame...

And the more I am floored
By all of Your love
The weight is off my shoulders
The weight is off my shoulders
And the less I obsess to please everyone
The weight is off my shoulders
The weight is off my shoulders
The weight is off my shoulders

(No shame)

I'm so free, yeah, it feels like I'm stealing
I'm so free I ain't scared of the ceiling
(No shame)
I can look like a fool and enjoy it
I can cry like a man and I own it
(No shame)
It may look like I'm broke but I'm healing
Learning to bring everything that I'm feeling
(No shame)
So forgiven man it's hard to explain it
I'm finally living with no shame...
