

# Suddenly

Tenth Avenue North

I've been waking up a victim of my life too long  
I've been waiting for the world to apologize  
For their wrongs  
Now I'm looking in the mirror  
And I'm seeing it clearer  
I'm the guilty one  
Somehow forgiven

Suddenly, I'm healed  
Suddenly, I'm free  
I was blind but now suddenly I see  
I was the prisoner  
A hostage to all my hurt  
Now I can run  
Now I can breathe  
Feeling the weight of You forgiving me  
I lay down the blame  
Fall into grace  
Watch everything change  
Suddenly, suddenly, suddenly  
Watch everything change  
Suddenly

Can't resist this forgiveness  
Sweet taste it leaves in my mouth  
I'm unworthy of Your mercy  
Your love is rain with no clouds  
Like a river coming down  
You're coming down, coming down

Suddenly, I'm healed  
Suddenly, I'm free  
I was blind but now suddenly I see  
I was the prisoner  
A hostage to all my hurt  
Now I can run  
Now I can breathe  
Feeling the weight of You forgiving me  
I lay down the blame  
Fall into grace  
Watch everything change  
Suddenly, suddenly, suddenly  
Watch everything change  
Suddenly

You set me free, You set me free  
Oh how sweet where the bitter used to be

Suddenly, I'm healed  
Suddenly, I'm free  
I was blind but now suddenly I see  
I was the prisoner  
A hostage to all my hurt  
Now I can run  
Now I can breathe  
Feeling the weight of You forgiving me  
I lay down the blame

Fall into grace  
Watch everything change  
Suddenly
