

Alive Again

Tep No

I can figure out love
What's been going on my mind
Lonely as a bottle
Lonely as a bottle [?]

So take me to the bottom
Tell me somewhere we could lie
Only as a daydream
If only it was yesterday now

So pick me up, I'm bleeding
Pick me up, and I'll fly again
Lonely, is this feeling lonely
This feeling lonely
Ooh, ooh

And I can make it out, love
What's been going on in my mind
Lonely as a bottle
I can't even let this die now

So take me to the bottom
Tell me somewhere we could lie
Only as a daydream
If only it was yesterday now

So pick me up, I'm bleeding
Pick me up, and I'll fly again
Lonely, is this feeling lonely
This feeling lonely

So pick me up, I'm healing
You gave me a reason to try again
And all this time I was feeling lonely
Now I'm alive again
Now I'm alive again
Now I'm alive again

So pick me up, I'm bleeding
Pick me up, and I'll fly again
All this time I was feeling lonely
And now I'm alive again

So pick me up, I'm healing
You gave me a reason to try again
And all this time I was feeling lonely
Now I'm alive again
Now I'm alive again
Now I'm alive again
Now I'm alive again
Now I'm alive again
