

All 'Bout

Tep No

I've been on the road so far away
Drivin' in my F150, ay
Been dreaming of a cold, cold holiday
Waitin' for your big sunglasses
Thinkin' 'bout the time as it passed us by
Thinkin' 'bout our high school classes, ah

We got cold, cold beers
Watchin' dirt bikes on the track
And the beats will keep bangin'
The girls will keep drinkin'
Some moonshine

Well, I'll be on the back porch sippin' wine
Thinkin' 'bout the girls all this summertime
Thinkin' 'bout that moment when you were mine
Oh, when you were mine
I'll be in my truck for a little while
Honey, you can tag along with your pretty smile
Oh, we could take the short way in or the long way out
If you come back again, I'll show you what I'm all about

(Yeah, hm)

Screamin' on a pitch, singin' Johnny Cash
Have a little whiff, you feelin' my stash?
I got horses in my crib, get your saddles on
Get your saddles on, get your saddles on
I'll be happy with the woman that I met when I
Was busy throwin' footballs, when I feel tonight
You looked at me and asked when I felt the fire

We got cold, cold beers
Watchin' Jimmy on the track
And the beats will keep bangin'
The girls will keep drinkin'
Some moonshine
And they'll get real drunk

Well, I'll be on the back porch sippin' wine
Thinkin' 'bout the girls all this summertime
Thinkin' 'bout that moment when you were mine
Oh, when you were mine, when you were mine
I'll be in my truck for a little while
Honey, you can tag along with your pretty smile
Oh, we could take the short way in or the long way out
If you come back again, I'll show you what I'm all about

I'll show you what I'm all about
I'll show you what I'm all about

Deep, deep down, I love you so bad
I love you so bad, I love you so bad
(I'll show you what I'm all about)
Deep, deep down, I love you so bad
I love you so bad, I love you so bad
(I'll show you what I'm all about)

Deep, deep down, I love you so bad
I love you so bad, I love you so
Oh yeah
Oh-oh

Well, I'll be on the back porch sippin' wine
Thinkin' 'bout the girls all this summertime
Thinkin' 'bout that moment when you were mine
Oh, when you were mine, when you were mine
I'll be in my truck for a little while
Honey, you can tag along with your pretty smile
Oh, we could take the short way in or the long way out
If you come back again, I'll show you what I'm all about

Deep, deep down, I love you so bad
I love you so bad, I love you so bad
(I'll show you what I'm all about)
Deep, deep down, I love you so bad
I love you so bad, I love you so bad
(I'll show you what I'm all about)
Deep, deep down, I love you so bad
I love you so bad, I love you so bad
(I'll show you what I'm all about)
Deep, deep down, I love you so bad (What I'm all about)
I love you so bad, I love you so bad
(I'll show you what I'm all about)
