

Autopilot

Tep No

I'm on autopilot
I snipe em all on apex legends
I do it for the digits
You're still a noob so you gon' get it

My girl is kissing other women
Cause she likes it independent,
Learned it all from Super Seducer
Now I'm her serial killer
Cause I'm on autopilot
I snipe em all on apex legends
I do it for the digits
You're still a noob so you gon' get it

Maybe I'll be a savage
If you're a king, then I'm a maverick
Riding my benz like a rite of passage
My teenage dream's a rite of passage
My teenage dream
Cause you only live one, man
I'm on autopilot
I snipe em all on apex legends
I do it for the digits
You're still a noob so you gon' get it

Yeah you don't get it
You're still a noob so you gon' get it
Yeah you don't get it
You're still a noob so you gon' get it
I'm on autopilot
