

Fade Away

Tep No

Ooh-oooh

Every time I think of you, I cry
To know that you're not in my life (ooh-oooh)
Oh, you could've made another try
I hate to be the one to say
I feel a lot of love fade away

Fade away, fade away (love fade away)
Fade away, fade away (love fade away)
Fade away, fade away (love fade away)
Fade away, fade away

Every time I think of you, I cry (ooh-oooh)
To know that you're not in my life
Oh, you could've made another try
I hate to be the one to say
I feel a lot of love fade away

Fade away, fade away (love fade away)
Fade away, fade away

Could you be right for me?
Could you be good for me?
Could you be wrong for me, then I don't know
Could you be bad for me?
Could you be good for me?
Could you remember me, tonight on my own?

Could you be right for me?
Could you be good for me?
Could you be wrong for me, then I don't know
Could you be bad for me?
Could you be good for me?
Could you remember me, tonight on my own?

I don't know, I don't know
I feel a lot of love fade away

Fade away, fade away (love fade away)
Fade away, fade away (love fade away)
Fade away, fade away (love fade away)
Fade away, fade away (love fade away)
