

Flying High

Tep No

You make the sun shine
Hey, when it's raining season
Love is not a vibe
It's in you, oh you

You got me flying high
You got me flying
You got me flying high
Oh, yeah
You got me flying high
You got me flying
You got me flying high
Oh
You got me flying high
You got me flying
You got me flying high
Oh, yeah
You got me flying high
You got me flying
You got me flying high
Oh

Flying high with you
I feel like it's summertime
How do you sneak into my heart, baby
I don't know but you did magic

You got me flying high
You got me flying
You got me flying high
Oh, yeah
You got me flying high
You got me flying
You got me flying high
Oh
You got me flying high
You got me flying
You got me flying high
Oh, yeah
You got me flying high
You got me flying
You got me flying high
Oh oh

You got me flying high
You got me flying
You got me flying high
Oh, yeah
You got me flying high
You got me flying
You got me flying high
Oh
You got me flying high
You got me flying
You got me flying high
Oh, yeah
You got me flying high

You got me flying
You got me flying high
Oh
