

## Fruit

Tep No

I don't like fruit  
But I wanna taste yours  
You're so dramatic  
Every time got you waiting for it  
You're such a prude  
'Cause you never been with it  
But baby you can do it to me  
Been waiting on me

Hey baby  
Gimme some sugar  
Gimme some sugar like

I saw you kissing someone else  
And it's okay  
Made sure you trade him back  
But you went to my place  
I make you feel better  
That's what my astrology sign told me  
Today, today, today, today  
Today

Hey baby  
Gimme some sugar  
Gimme some sugar like

I don't like fruit  
But I wanna taste yours  
You're so dramatic  
Every time got you waiting for it  
You're such a prude  
'Cause you never been with it  
But baby you can do it to me  
Been waiting on me

Hey baby  
Gimme some sugar  
Gimme some sugar like
