

Hold Me

Tep No

Hold me
As the night gets cold
Feel the time gets slow
Slow

Too much time to waste
In this life I make
Breaking through to you

Hold me
As the night gets cold
Feel the time gets slow
Slow

Too much time to waste
For this life I make
Breaking through too late
This is not my fate

Hold me
Hold me
As the night gets cold

Hold me
Hold me
As the night gets cold

Hold me
Hold me
As the night gets cold
