

I Do

Tep No

When you're all messed up and I wake up
And I wake up, and I tell you things you wanna know
You look beautiful, don't think of
What they did in the past, be my love

'Cause you know I fought the flames
When others have walked away
Whatever you want from me
Whatever you want from me, I do
If we can stop the pain
And if we can stay away
I'll show you the simple things
I'll give you [?]

I do-do, do-do-do, do-do-do, do-do
I do-do, do-do-do, do-do-do, do-do
Say I do-do, do-do-do, do-do-do, do-do
Say I do, say I do

And every time you fall
Every time you fall
You'll be in my arms
Do you want it, yeah
Sexual, my love
Wanna know why I feel crazy about you

'Cause you know I fought the flames
When others have walked away
Whatever you want from me
Whatever you want from me, I do
If we can stop the pain
And if we can stay away
I'll show you the simple things
I'll give you [?]

Say I do-do, do-do-do, do-do-do, do-do
I do-do, do-do-do, do-do-do, do-do
Say I do-do, do-do-do, do-do-do, do-do
Say I do, say I do

'Cause you know I fought the flames
When others have walked away
Whatever you want from me
Whatever you want from me, I do
If we can stop the pain
And if we can stay away
I'll show you the simple things
I'll give you [?] say I do

Say I do-do, do-do-do, do-do-do, do-do
I do-do, do-do-do, do-do-do, do-do
Say I do-do, do-do-do, do-do-do, do-do
Say I do, say I do
Say I do
