

Last Night

Tep No

Last night, we let the liquor talk
I can't remember everything we said, but we said it all
You told me that you wish I was somebody you never met
But, baby, baby, something's tellin' me this ain't over yet

No way it was our last night I kissed your lips
Make you grip the sheets with your fingertips
Last bottle of Jack, we split a fifth
Just talkin' 'bout life, goin' sip for sip
Yeah, you, you know you love to fight
And I say shit I don't mean
But I'm still gon' wake up wantin' you and me

I know that last night, we let the liquor talk
I can't remember everything we said, but we said it all
You told me that you wish I was somebody you never met
But, baby, baby, something's tellin' me this ain't over yet
No way it was our last night (Last night)
No way it was our last night (Last night)

No way it was the last night that we break up
I see your tail lights in the dust
You call your mama, I call your bluff
In the middle of the night, pull it right back up
Yeah, my, my friends say, "Let her go"
Your friends say, "What the hell?"
I wouldn't trade your kind of love for nothin' else

Oh, baby, last night, we let the liquor talk
I can't remember everything we said, but we said it all
You told me that you wish I was somebody you never met
But, baby, baby, something's tellin' me this ain't over yet
No way it was our last night, we said we'd had enough
I can't remember everything we said, but we said too much
I know you packed your shit and slammed the door right before you left
But, baby, baby, something's tellin' me this ain't over yet
No way it was our last night (Last night)
No way it was our last night (Last night)

I know you said this time you really weren't comin' back again
But, baby, baby, something's tellin' me this ain't over yet
No way it was our last night (Last night)
No way it was our last night (Last night)
