

Like a Slave

Tep No

By the way, love me babe

You understand, you order me
Like a slave, you're awake

I'll be waiting
By the way, love me babe
By the way, love me baby

Sink your teeth, onto me
And eat my blood, I'll be awaiting
Follow me, like a slave
When you'll be tamed, I'll be waiting

By the way
By the way
By the way
By the way

All hearts with no doubts, got me inside out
You control my bones, when you go I'll go
All hearts with no doubts, got me feeling proud
We'll stay [?] right now, when you go I'll go

By the way, love me babe
By the way, [?]
You understand

All hearts with no doubts, got me inside out
You control my bones, when you go I'll go
All hearts with no doubts, got me feeling proud
We'll stay [?] right now, when you go I'll go
