

I love you
When you can't find the way
Oh honey, I love you
I love you
When you can't find the way
Honey, I love you
When you can't find
You can't find

I love you
Oh honey, I love you
I love you
When you can't find
You can't find

I love you
I love you

Honey, I love you
I love you
Honey, I love you
When you can't find
You can't find

I love you
I love you
