

Malibu Burning

Tep No

She'll pace around the floor
[?] herself
Like I've never seen you before
Yeah
What you doing all the time
Yeah you're always on my mind
I can't live without your core
Yeah yeah

I can't believe it's something real
It's happening, yeah
I can't believe, I'm having this

So high
So high

So mess around the door
Open in the [?]
Like I've never seen before
Yeah
What you doing all the time
You're always something else
Yeah I can't really find
Yeah

I can't believe it's something real
It's happening, yeah
I can't believe I'm having this
Yeah

I can't believe it's something real
It's happening, yeah
I can't believe I'm having this

So high
So high

When you're on the floor
You're on the floor
I could taste you on my lips
When you're all alone
You're all alone
You can wet my finger tips
Yeah

I can't believe it's something real
It's happening, yeah
I can't believe I'm having this
Yeah
Yeah
Yeah
Yeah
