

never thought it'd be over

Tep No

Never thought it'd be over
Never thought it'd be over
So much tears left to cry
I'm not getting older
'Cause you've stopped my time

The picture on my phone last night
Has got me choked up [?]
Never thought it'd be over
Now I can't get sober
Never thought it'd be over
Never thought it'd be over
Over

Never thought it'd be over
Never thought it'd be over
Over
Never thought it'd be over
Never thought it'd be over
Over

I felt we belonged together
It was all you and I
I thought we're getting closer
But it was just a lie

The picture on my phone last night
Has got me choked up [?]
Never thought it'd be over
Now I can't get sober
Never thought it'd be over
Never thought it'd be over
Over

Never thought it'd be over
Never thought it'd be over
Over
Never thought it'd be over
Never thought it'd be over
Over

Now that it's over
There's no tears left to cry
I'm not getting older
[?] it's you and I
