

# Voodoo

Tep No

Tell me did I cross the line  
My spirit worked I'll make you mine  
I've never had this heart inside  
Reaching out for something

Got me overthinking  
Your spell got wrapped around me  
Something like a charm, yeah you're my voodoo  
Control it got me watching  
This time I can't help it  
Yeah you'll be my voodoo voodoo

Yeah you'll be my  
Voodoo voodoo, voodoo voodoo, voodoo voodoo, voodoo  
Yeah you'll be my  
Voodoo voodoo, voodoo voodoo, voodoo voodoo, voodoo

Got me overthinking  
Your spell got wrapped around me  
Something like a charm, yeah you're my voodoo  
Control it got me watching  
This time I can't help it  
Yeah you'll be my voodoo voodoo

Now I'll stare deep in your eyes  
You know it works I'm falling twice  
Never felt I was alive  
You know you are what changed me

Got me overthinking  
Your spell got wrapped around me  
Something like a charm, yeah you're my voodoo  
Control it got me watching  
This time I can't help it  
Yeah you'll be my voodoo voodoo

Yeah you're my favourite focus  
Confess I chased you here for years  
You know you got that hold on me  
We know it's more than fate can't you see

Got me overthinking  
Your spell got wrapped around me  
Something like a charm, yeah you're my voodoo  
Control it got me watching  
This time I can't help it  
Yeah you'll be my voodoo voodoo

Yeah you'll be my  
Voodoo voodoo, voodoo voodoo, voodoo voodoo, voodoo  
Yeah you'll be my  
Voodoo voodoo, voodoo voodoo, voodoo voodoo, voodoo

Got me overthinking  
Your spell got wrapped around me  
Something like a charm, yeah you're my voodoo  
Control it got me watching

This time I can't help it  
Yeah you'll be my voodoo voodoo
