

What If

Tep No

Always searching for the light
Like a shadow in the night
Chasing time like we got time to lose
Are we falling away
Or are we falling into place
I've been looking for a sign from you

So what if I give you
All of me
What if this could be
All you need
So what if I give you
All of me
What if we wait this
Out and see
What if I give you
All of me

Always searching for the light
Like a shadow in the night
Chasing time like we got time to lose
Are we falling away
Or are we falling into place
I've been looking for a sign from you

So what if I give you
All of me
What if this could be
All you need

So what if I give you
All of me
What if this could be
All you need
So what if I give you
All of me
What if we wait this
Out and see
What if I give you
All of me

What if I give you
All of me
What if we wait this
Out and see
What if I give you
All of me
