

# Metamorpheus

Terence Trent D'Arby

You are sweetness  
You are strength  
You are love and  
You are light  
You are amazing and  
You have every right to know that  
You are amazing and to feel that  
You are amazing!

I am a solar boy  
A manchild of the sun  
Electric shakti mamaraja sutralinga om  
The blossoms of my joy  
Leap like flowers of fire  
There is no more to seek  
The cup that flows  
Will never leak

I am a lunar mind  
A brainchild of an orb  
Matahari shiva lover guru notbeyondanother  
I keep a sketch pad  
So that I can draw  
My own conclusions  
I'm trying to lose my mind  
So that I can lose  
All my illusions

I'm metamorpheus  
Godchild of contradiction  
I reserve the right to change my mind  
About each fact or fiction  
I am a goldenchild  
But so again are you  
Jesusallahkrishnabuddha loves you  
But no ones' above you
