

Suga Free

Terence Trent D'Arby

The flavor fades
From lady marmalade
Our carousel
Has lost it's caramel

Cause my baby's gone suga free
She ain't sweet like she used to be
My sweet tooth is missing a cavity yo
Because my baby's gone suga free

My cinnamon girl
Took back her peppermint pearl
It's seems that she
Now counts her calories!

Honeydew
And now honey don't!
