

One Night Only

Tereza Mašková

You want all my love
and my devotion
You want my loving soul
right on the line
I have no doubt that I could love you
forever
The only trouble is, I really don't
have the time

I've got one night only, one night only
That's all I have to spare
One night only, let's not pretend to care
I've got one night only, one night only
Come on big baby come on
One night only, we only have 'til dawn

In the morning this feeling will be gone
It has no chance going on
Something so right has got no chance to live
So let's forget about chances, it's one night I will give.

One night only, one night only
you'll be the only one
One night only
then you'll have to run

One night only, one night only
Come on big baby come on
One night only
we only have 'til dawn

One night only
One night only
One night only
