

I Want 2 Know

Terminal Choice

This is the day you went away
I'm sitting here and watch the sky
You say I did something wrong
and you won't come back again

I can't get you out of my head
I can't get you out of my head
I want to know was there nothing inside you?
I want to know have you ever thought of me?
I want to know if it's that what you wanted?
I want to know if it's better to be dead?

Let me tell you what's on my mind
I think that's not the way to leave
You know that I can't let you go
If I can't have you, no one else should do
