

outside my window  
everything is dark  
I'm sitting in my room  
it's darker than the night  
the walls are coming closer  
try to reach my skin  
they wanna break my bones  
but I don't care  
at all  
everything is looking down  
everything is looking down

Tränen in den Augen  
Reflektionen im Kerzenlicht  
In der Dunkelheit  
Fühle ich dich nicht  
Blicke voller Sehnsucht  
Sie suchen dich  
Doch sie sind vergebens  
Du siehst mich nicht

outside my window  
everything is dark  
I'm sitting in my room  
it's darker than the night  
the walls are coming closer  
try to reach my skin  
they wanna break my bones  
but I don't care  
at all  
everything is looking down  
emptiness in my soul  
a black hole  
where once there was my heart  
one fine day  
someone took you away from me  
it happened so suddenly  
you didn't say goodbye  
you are not guilty  
guilty of any thing  
no one can blame you  
for you have done nothing  
so why did they do it  
I can't explain
