

## Reverse

Terrace Martin

Can you park right there?  
I just wanna sit here for a minute  
I don't know when this moment will happen again  
So let me live in it  
Breathing your air cause when you're not here it's different  
I wish i could turn back the hands of time

I'm really not trying to make you miss this flight  
But it feels out right can we just reverse?  
Reverse! Can we go back to the time  
when we wanna make it work  
It hurts. I don't wanna move forward  
Say it's not alright  
I don't wanna move forward  
Say it's not alright

Reverse Reverse !!  
Can we go back to the time  
when we wanna make it work  
It hurts. I don't wanna move forward  
Say it's not alright  
I don't wanna move forward  
Say it's not alright
