

## Back in Time

Terranova

Overcome with desire  
You're the hope to leave the pain behind  
Folds unfold  
They fill my head  
Wish to find the piece i never had  
Place a rose within your hand  
Try to crush the chance of life it has  
You want to move but you can't laugh  
Blinded by what you can't understand  
I'm falling  
Falling deeper within my secret  
Calling  
Out to what i've lost  
I'm falling back into the past  
Do i really want  
To go back inside  
?  
?  
I'm falling  
Falling deeper within my secret  
Calling  
Out to what i've lost  
I'm falling back into the past
