

Das Plan

Terranova

Push and pull
It won't let go
Spin it round
I wanna feel something
Release the essence
From the bottle of life
Twisting through the memories
Breaking up inside
Starting with my senses
Strip me to the core
Peeling off the pieces
Till i'm no...
Deep deep down
To the lost and found
Wrapped up in cases
Looking for beginnings
Push and pull
It won't let go
Simplify existence
Stricken to submission
Starting with my senses
Strip me to the core
Peeling off the pieces
Till i'm no
