Terranova – Make Me Feel (Feat. Billie Ray Martin)

music intro  
oooh  
oooh...do with me what you want  
together we can share  
this special love  
if you don't  
you will be sorry  
cuz unlike me  
there is no one  
oooh...what you can make me feel  
what you can make me feel  
inside  
oooh... its so wild  
no other love can really satisfy  
I am ...  
touch like a woman  
that's magnetic  
that runs wild  
i can make all your wildest dreams  
all your wildest dreams come alive  
ah  
oooh oooh oooh  
music

oooh...what i can make you feel  
oooh...i can make you feel inside  
oooh...its so wild  
that no other love can really satisfy  
oooh...don't you realize  
what control you have  
over me  
let me touch  
i can feel  
I can feel..with you  
oooh...
