Don't Start

Terri Clark

Woah you got a way and you got a smile
And I could see myself tangled up for awhile with you
Love is a trouble that's the trouble with love
And I need to know what you're thinkin' of is true
So before you make that move

Baby don't start
What you can't finish with your heart
I'm no good with the goodbye part
Yeah and if you wanna go, gonna go, baby don't
Baby don't stay
If you can't stay forever someday
Cause I ain't got the kind of love you throw away
And if all you gonna be is gone
Don't baby don't start

Woah I got a runaway heart sometimes
And you got the moon and the stars on your side
It ain't fair
Your touch is a bullet your kiss is a gun
And it sure might hurt but it sure is fun
I don't care
Cause if it ain't gonna go nowhere

Baby don't start
What you can't finish with your heart
I'm no good with the goodbye part
Yeah and if you wanna go, gonna go, baby don't
Baby don't stay
If you can't stay forever someday
Cause I ain't got the kind of love you throw away
And if all you gonna be is gone
Don't baby don't start

Woah ooh I don't wanna complicate it
Ooh but my heart's more than taken
But if I give it to you please don't break it

Baby don't start
What you can't finish with your heart
I'm no good with the goodbye part
And if you wanna go, gonna go, baby don't
Baby don't stay
If you can't stay forever someday
Cause I ain't got the kind of love you throw away
And if all you gonna be is gone
Don't baby don't start

Baby don't start ooh
