

Big God

Terrian

With foes on my left and fears on my right
They think that I'm all by myself in this fight
But they do not know the infinite size
Of the God who's by my side

Under fire
But My Goliaths
Standing in the shadow of the Almighty
I ain't lying (no no)
Just testifying (come on girl)

Man I'm talking bout a Big God, Big God
When trouble comes around the way
Only remedy for big odds is a Big God
Ain't nobody gonna shake my faith
No I'm not afraid
Throw my hands up in praise
For the times that He pulled me through
I'm counting on Big God
That they can't stop (Big God)
He's a Big God

Why in the world
Would I worry away
When I know that He holds my world in His hands
The monsters I face
Don't make me afraid
When I know that I'm standing' right next to Him

Man I'm talking bout a Big God, Big God
When trouble comes around the way
Only remedy for big odds
Is a Big God (Big God)
Ain't nobody gonna shake my faith
No I'm not afraid
Throw my hands up in praise
For the times that He pulled me through
I'm counting on big God
That they can't stop (Big God)
He's a Big God

Stronger
Than your brokenness
Deeper
Than your dreams not seen yet
Greater
Than your greatest fear
Bigger
He's so much bigger
Stronger
When I couldn't get up
Deeper
I could always feel Your love
Greater
You're picking me up
Bigger
I could always feel Your love

Man I'm counting on a Big God, Big God
When trouble comes around the way
Only remedy for big odds
Is a Big God (Big God)
Ain't nobody gonna shake my faith
No I'm not afraid
Throw my hands up in praise
For the times that He pulled me through
No I'm not afraid of the things that I face cause I know what I've seen Him
do
I'm counting on big God
That they can't stop (Big God)
He's a Big God

Oh yeah
Woahhh (Oh) (Bi bi big God)
Woahhh (You're a big God, you're a big God) (Bi bi big God)
Big God, Big God ayeee (Hey, yeah)
Big God, Big God c'mon (I know we got a)
Big God, Big God aye
Yeah, we got a Big God
