Matthew 5

Terrian

He came for the saints and the sinners
Game clock
Hit the shot
For the winner
In it for the long haul no sprinter
I got a seat at the table for the dinner
(Thank you Lord)

I said the gang goes crazy when He show up
Haters hate it when the righteous get to blow up
I took a dip in his water that's a glow up
Yeah they wonder if I love 'em yeah sure 'nough

I won't apologize
I'm the apple of his eye
And there's a reason why
He makes the sun to shine
Down on me
I
He loves me all the time
And that's the reason why
He makes the sun to shine
Down on me

Dripping holy holy holy swag holy swag
I ain't holdin' nothing back nothin' back
Papa back up in his bag
In his bag

Blessed are the poor in the spirit
Say a prayer send it up let 'em him hear it
There's freedom in his name when you fear it
Purified in the fire if you wit' it
Make peace be salt point ya eyes up
See that city on a hill about to light up
Be a firework child blow the night up yeah
Before your time's up

I won't apologize
I'm the apple of his eye
And there's a reason why
He makes the sun to shine
Down on me
I
He loves me all the time
And that's the reason why
He makes the sun to shine
Down on me

(Dripping)
Drippin' holy holy holy swag holy swag
I ain't holding nothing back nothing back
Papa back up in his bag
In his bag

(Even when the sun goes down)

Even when the sun goes down you can find me
Even when the lights go out you can find me
Even if the rain comes down you can find me find me find me find me (drippin
')
Even when the sun goes down you can find me
Even when the lights go out you can find me
Even if the rain comes down you can find me find me find me find me (drippin
g)

Even when the sun goes down you can find me
Even when the sun goes down

We gon' step to the left
We gon' slide to the right
We gon' kick, kick add the dip
Gon' turn to the left y'all just like this
We gon' step to the left
We gon' slide to the right
We gon' kick kick add the dip
Gon' turn to the left y'all just like this it go (ugh)

Say gon' turn to the left y'all just like this it go (ugh)
Gon' turn to the left y'all just like this it go (ugh)
