

No Body

Terrian

In a garden
Where they brought Him
Yeah, they thought that He'd still be there Sunday morning
They'd forgotten
What He taught 'em
In three days He'd prove that He's the Son of God, yeah

Why do you seek the living
Among the dead
He is risen like He said
Death and hell can't hold Him anymore

Who you looking for?
He's not here
Whatcha waiting on?
You didn't hear?
The same way He rose to the clouds, He'll come back down

Oooh, go'on tell somebody
Looky looky, won't find no body
Oooh, go'on tell somebody
Looky looky, won't find no body

It's a miracle
We all need it
By the grace of God who helps us to receive it
Man, I get it
You may not feel it
But blessed are those who believe and never seen it

Why do you seek the living
Among the dead
He is risen like He said
Death and hell can't hold Him anymore

Who you looking for?
He's not here
Whatcha waiting on?
You didn't hear?
The same way He rose to the clouds, He'll come back down

Oooh, go'on tell somebody
Looky looky, won't find no body
Oooh, go'on tell somebody
Looky looky, won't find no body

No body
No body

Why do you seek the living
Among the dead
He is risen like He said
Death and hell can't hold Him anymore

Who you looking for?
He's not here
Whatcha waiting on?

You didn't hear?

The same way He rose to the clouds, He'll come back down

Oooh, go'on tell somebody

Looky looky, won't find no body

Oooh, go'on tell somebody

Looky looky, won't find no body

No body

No body

No body

No body...

No no no...
